

Environmental Quality  
WILDLIFE MANAGEMENT AND RECREATION

**History.** This is a major revision.

**Summary.** This regulation establishes policies, procedures, and regulations related to wildlife management and recreation on Fort Carson (FC) and Piñon Canyon Maneuver Site (PCMS).

**Applicability.** This regulation applies to all Soldiers, civilian employees, family members, and visitors recreating on FC and PCMS.

**Proponent and exception authority.** The proponent of this regulation is the Directorate of Public Works (DPW), Environmental Division and the FC Garrison Commander (GC). The proponent has the authority to approve exceptions and waivers to this regulation that are consistent with controlling laws and regulations.

**Army management control process.** This regulation does not contain management control provisions.

**Supplementation.** Supplementation of this publication is prohibited without prior approval from DPW, Environmental Division.

**Suggested improvements.** Users are invited to send comments and suggested improvements on DA Form 2028 (Recommended Changes to Publications and Blank Forms) directly to: Directorate of Public Works, Environmental Division, 1626 Evans St, BLDG 1219, Fort Carson, CO 80913.

## **Chapter 1: Introduction**

### **1-1. Purpose**

a. The principal use of Department of Defense (DoD) lands and waters is to support mission-related activities; all other land uses are subordinate. Fort Carson and PCMS (FC) lands and waters are available for non-military purposes In Accordance With (IAW) AR 200-1 (Environmental Protection and Enhancement), the FC and PCMS Integrated Natural Resources Management Plan (INRMP), the Sikes Act – 16 U.S.C. 670 et. seq., and Army directives and policies when compatible with the military mission, installation safety and security, ecosystem sustainability, natural resources management, and fiscal responsibility.

b. DPW programs will maximize access to Army land, air, and water resources for military training, while ensuring the biological diversity of natural resources entrusted to the Army is sustained for promoting the quality of life for Soldiers, scientific research, education, recreation, and other compatible uses.

c. These principles are integral to FC natural resource management and constitute the basis for the elements contained in this regulation.

d. This regulation governs wildlife management and recreation on FC. This regulation does not restrict Soldiers, Department of Army (DA) Civilians, or contractors from executing lawful activities on FC and PCMS permitted or sanctioned by FC organizations, directorates, or units.

e. The Army reserves the right to change any of the provisions of this regulation at any time and without advance notice. Neither the current provisions of this regulation nor any changes to it are intended to, or do, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, or its officers, employees, or agents, or any other person.

f. In this regulation, all references to FC include PCMS, unless PCMS is specifically distinguished.

### **1-2. References**

Required and related publications and prescribed and referenced forms are listed in the Appendix.

### **1-3. Explanation of Abbreviations and Terms**

Abbreviations and terms used in this regulation are explained in the Glossary.

## **Chapter 2: Responsibilities**

### **2-1. Garrison Commander Will:**

Review appeals and make final decisions concerning suspensions of recreational privileges on FC that have been imposed by the DES, and the Sign Memorandum of Understanding for approved Special Use FC recreation permits for hunting or dog training clubs.

### **2-2. Commanders Will:**

Commanders of units operating on FC will be responsible for the conservation, improvement, and management of all natural resources under their jurisdiction that are vital to the sustainability and multi-

purpose use of FC training lands. FC lands are for supporting the military training mission, which includes the morale, welfare, and recreational activities necessary to develop and sustain a satisfactory quality of life for Soldiers.

**2-3. Directorate of Public Works (DPW) Will:**

- a. Use science-based research, inventory, and monitoring of wildlife, fisheries, plant communities, rare and listed wildlife, and plant species to sustain the ecological integrity of training land resources of FC within the context of the training mission.
- b. Ensure compliance with federal and state laws, applicable regulations, and biological opinions.
- c. Understand the natural resources of FC in a bio-regional context to protect the training mission from encroachment by promoting regional conservation measures.
- d. Collaborate with agencies and non-governmental organizations to ensure that discretionary activity results in no net loss of training capability on installation land.
- e. Recommend hunting season dates, bag limits, creel limits, size limits, population dynamics and structure, and other regulations governing the harvest of fish and wildlife resources in cooperation with Colorado Parks and Wildlife (CPW). Such regulations shall be established IAW applicable federal and state laws, Army regulations, and as posted on the iSportsman website.
- f. Assist with maximizing training capacity of land training resources on FC while promoting biological diversity through collaboration with the Directorate of Planning, Training, Mobilization, and Security (DPTMS) sustainable range programs and training requirements.
- g. Apply best management practices, cooperative agreements, and the acquisition and management of buffer zones to focus wildlife management activity toward sites not used for readiness training.
- h. Promote species conservation and mitigation at sites on FC, where compatible with the training mission, and assist with regional efforts to keep common species common.
- i. Adhere to the garrison-approved INRMP, DoD regulations, instructions, directives, policies, guidance, and federal and state agreements required by the Sikes Act for the management of natural resources on DoD lands.
- j. Implement outreach programs to educate personnel living and working on FC about nuisance wildlife issues and assist with their resolution.
- k. Review projects and actions to evaluate potential impacts to wildlife and vegetation communities and provide mitigation strategies as necessary.
- l. Promote state actions supporting Wounded Warriors to obtain special big game hunting licenses for these Soldiers.
- m. Consult with the United States Fish and Wildlife Service (USFWS) regarding petitioned, candidate, proposed and listed species, and critical habitat.

- n. Maintain and operate the iSportsman website for providing information, selling permits, issuing Downrange Passes, collecting game harvest, and other recreational information.
- o. Create and maintain recreational maps. The maps will depict training areas, recreational areas, ranges, closed areas, routes, and other features on FC and PCMS. Electronic maps will be updated, as needed, and made available on iSportsman.
- p. Manage the handling, budgeting, and expending of 21X funds that are obtained from permit sales IAW the Sikes Act and the FC INRMP.
- q. Manage the Bird Farm Recreation Area, and identify its availability for wildlife recreation, IAW the INRMP.
- r. Coordinate with DES and DPTMS to ensure reasonable accommodations are provided to recreationists requesting access based on the Americans with Disabilities Act, in order to grant, redirect, modify, or deny exceptions based on an interactive and coordinated decision-making process.

**2-4. Directorate of Emergency Services (DES) Will:**

- a. Enforce all federal, state, and installation hunting, fishing, and trapping laws and regulations pertinent to natural and cultural resources as they pertain to this regulation.
- b. Provide safety on FC by controlling and managing dangerous wildlife.
- c. Respond to wildlife complaints and develop mitigation strategies with DPW.
- d. Notify DPW of suspected wildlife diseases.
- e. Present wildlife outreach programs in partnership with DPW.
- f. Coordinate with DPW and DPTMS to ensure reasonable accommodations are provided to recreationists requesting access based on the Americans with Disabilities Act, in order to grant, redirect, modify, or deny exceptions based on an interactive and coordinated decision-making process.
- g. Plan and conduct investigations for all violations of federal, state, and installation laws and regulations.
- h. Direct all FC civilian and military conservation law enforcement officers on the installation.
- i. Provide technical support to the Garrison Commander on all aspects of natural resource law enforcement.

**2-5. Directorate of Plans, Training, Mobilization, and Security (DPTMS), Fort Carson Range Operations (FCRO) and Piñon Canyon Range Operations (PCRO) will:**

- a. Be responsible for coordinating and synchronizing all downrange activities on FC training lands.
- b. Provide a list to the DPW of all available open areas for recreational use on the installation by Thursday at noon.
- c. Coordinate open areas with DPW and DES to ensure recreational access for attaining state compliance and DPW big game harvest goals as required by the Sikes Act.

- d. Specify types of weapons that can be used for hunting by training area.
- e. Ensure the automated UXO safety brief and exam is evaluated for new or changing conditions and information and provided to DPW.
- f. Coordinate with DPW and DES to ensure reasonable accommodations are provided to recreationists requesting access based on the Americans with Disabilities Act, in order to grant, redirect, modify, or deny exceptions based on an interactive and coordinated decision-making process.

#### **2-6. Staff Judge Advocate (SJA) Will:**

Provide legal advice regarding Army and DoD regulations, policies, and directives related to natural resource management, the enforcement of federal and state environmental laws, and this regulation.

#### **2-7. Recreationists on FC and PCMS Will:**

- a. Be responsible for following all federal and state laws pertaining to hunting, fishing, or other recreational activities.
- b. Comply with all of the provisions of this regulation while recreating within the confines of FC and PCMS, and strictly adhere to approved map boundaries, adhere to downrange checkout times, complete required safety briefings, and stay up to date with all information that is published on iSportsman.
- c. Cooperate with military officials, Fort Carson Law Enforcement, Range Control, and DPW Environmental Personnel.
- d. Notify Fort Carson DES authorities about poaching, uncontrolled fires, the location of unexploded munitions, fuel or other spills, and any observed violations of Fort Carson, State, and Federal laws and regulations.

### **Chapter 3: Hunting, Fishing, Wood Collection and Other Recreation**

#### **3-1. iSportsman**

- a. FC uses iSportsman, a Sikes Act Permit Sales and Recreation Management Service (SAPRMS) that assists in providing required recreation and wood collection services to customers. It also manages the data collection and storage for DPW. Recreation and wood collection customers (henceforth, collectively referred to as customers) create their own personal accounts (i.e., register), take range safety briefs, purchase permits, get downrange passes and important notices/information, and update their personal information online on iSportsman at: <https://fortcarson.isportsman.net>.
- b. The system provides real-time information about customers who have active downrange passes. The system collects information from customers for managing wildlife and wood resources on FC and the PCMS. DES, FCRO, and PCRO are provided limited access to the system for managing downrange access, obtaining information necessary for public safety, coordinating emergency search and rescue operations, and for law enforcement purposes.
- c. DPW maintains and operates the iSportsman website and the data collected, including managing reports, assigning iSportsman access privileges, managing user accounts, and maintaining a website for communicating recreational and wood collection information to the public.
- d. Permit sales are final and refunds will only be allowed on a case-by-case basis.

e. For hunting, a maximum of two non-participants are allowed to accompany a permit holder, but non-participants are required to register on iSportsman.

f. Recreationists checked into a block through iSportsman do not qualify as non-participants.

g. It is strictly prohibited to be checked into a block on iSportsman while not being physically present on FC or PCMS or past the Range Control building. The only exception to this is the initial check-in at 0400.

h. If downrange is only open to recreation for a portion of the day, for any reason, check-ins will start at the posted time when downrange is open (i.e., if downrange opens at noon, check-ins will start at noon).

i. If iSportsman crashes and customers are unable to check-in, there will be no downrange recreation until iSportsman starts working. If customers are already downrange when iSportsman crashes they will be able to remain recreating, but will not be able to check-in into other blocks. If a customer needs to check-out when iSportsman is not working, they must call DPW Wildlife or DES staff prior to leaving the downrange area or past the Range Control Building.

j. It is prohibited to use or solicit the use of Artificial Intelligence (AI) for any portion of the iSportsman check-in process.

k. Customers can obtain and print a downrange pass from their iSportsman account online.

l. Fort Carson customers with downrange passes must check-out no later than the posted checkout times on iSportsman. Failure to check out of iSportsman by the designated time may result in a suspension, a citation, and more severe penalties may be imposed on a case-by-case basis.

m. Accounts suspended for violations are unlocked by the DES.

n. Accounts suspended for administrative purposes are unlocked by the DPW.

### **3-2. Hunting**

a. Hunters are required to provide harvest information to complete the check-out process. Additionally, wood collection customers are required to provide the daily amount of wood collected to complete checkout.

b. Use of game cameras on FC and PCMS is strictly prohibited.

c. It is prohibited to use hunting blinds or tree stands that are not self-supporting or to attach them to trees with nails or screws. Self-supporting hunting blinds may be left in the field for the duration of a hunting season when the owner's permit information and CID is affixed to it. No other recreationist may use, move, or remove the blind without the owner's permission.

d. Collecting antler sheds is only allowed for non-commercial use, IAW CPW regulations.

e. On the PCMS Hogback, only foot traffic is allowed for hunting.

f. It is prohibited to shoot, trap, or hunt swift fox.

g. Management and recreational shooting of prairie dogs, in any form, will be in accordance with the FC/PCMS Prairie Dog Management Plan. The iSportsman website will state specifics (i.e., where and when allowed, form of hunting, non-allowed practices, etc.) concerning prairie dog hunting when appropriate.

h. Only lead-free ammunition or full-metal jacket (FMJ) and total metal jacket (TMJ) ammunition may be used for recreational shooting of prairie dogs. Lead pellets or copper-plated (common on 22lr and some reloads) ammunition is prohibited.

i. Trapping is authorized IAW CPW regulations. Traps must be checked a minimum of every 24 hours and must be removed from a hunting block by the last day that the FCRO or PCRO determines the block is open. Traps may be relocated to hunting blocks that are open. Traps must have the owner's permit information and CID affixed to it.

### **3-3. CPW Licensing Requirements**

a. FC follows and enforces all Colorado Parks and Wildlife (CPW) rules and regulations at a minimum. Any deviations from CPW regulations that apply to FC and PCMS can be found in this regulation or on iSportsman.

b. Hunters are required to obtain and carry the appropriate state licenses for hunting.

c. A state fishing license is not required to fish on FC, but all other Colorado fishing regulations are enforced. An exception is anglers possessing a FC recreational permit may fish with two rods.

d. State license requirements are subject to change; therefore, they are not provided in this regulation.

e. State fishing and hunting regulation brochures are available from the CPW offices and website.

### **3-4. USFWS Licensing Requirements**

Applicable federal USFWS laws and regulations are enforced on FC. USFWS hunting license requirements are subject to change; therefore, they are not provided in this regulation. Current USFWS hunting regulations and information on the Federal Duck Stamp are available on the USFWS website.

### **3-5. Youth Recreation**

a. Youth, 17 years of age and younger, of any age possessing a hunter education certificate can hunt small game and waterfowl. Youth who are hunting big game must be conducted IAW CPW regulation, including age limitations. Any youth hunting on FC must be IAW CPW regulations.

b. Youth recreating on FC must be accompanied by a mentor who is 18 years of age or older. The mentor does not have to hunt but must meet state requirements for mentoring and meet all requirements to recreate downrange on FC. The mentor must have an applicable, valid FC recreation permit (e.g., non-consumptive, fishing, hunting, etc.). A fishing permit is not valid for downrange recreation. If taking a youth hunting, the only permits that are applicable are the non-consumptive recreation permit, the hunting permit, or hunting/fishing combo permits.

c. Youth must have a valid permit to recreate on FC and PCMS. Youth do not need a permit if they are a non-participant.

d. Mentors and youth recreationists must be within 50 feet of each other at all times while downrange. The mentor is fully responsible for youth with him/her.

e. Mentors must provide a paper on the dashboard of the vehicle stating the names of all youth he/she is responsible for when downrange, regardless if youth has a downrange pass.

### **3-6. Downrange Safety Briefing for Recreation and Wood Collection**

a. The required annual downrange safety briefings and tests are presented by DPW and completed online through a customer's iSportsman portal. The applicable safety briefings are required for all customers (i.e., all recreationists, mentors, and those with downrange wood collection permits), with the exception of those with a wood yard permit and youth.

b. Youth are not required to take the annual downrange safety briefings. All mentors are required to take the annual downrange safety briefings and must ensure that youth who accompany them downrange adhere to the rules and guidelines specified in the downrange safety briefings.

c. Customers, age 18 and over, cannot purchase a permit until completion of the annual downrange safety brief, UXO safety brief, and/or the camping and fishing online safety brief.

d. Downrange recreational safety briefings are valid for both FC and PCMS.

e. Individuals who are not fishing, boating, hunting, or dog training, and who accompany a permit holder at Womack, Townsend, Haymes, West Haymes, and Northside reservoirs, do not need to take the downrange safety brief.

f. Non-participants, 18 years of age or older, must complete the applicable downrange safety briefings prior to going downrange for the first time during the year.

### **3-7. DPW Recreation and Wood Collection Permits**

a. A recreation permit is required for wildlife recreation on FC and PCMS in recreational areas managed by either the FCRO or DPW, as identified on the Wildlife Recreation Map and this regulation, except as authorized in 3-4, f-g. Wildlife recreation, and that covered under the Recreation Permit, is broadly defined as hunting, scouting, fishing, photography, wildlife watching, botany, birding, hiking, pet walking, antler shed hunting, and similar activities. Furthermore, a downrange wood collection permit is required to collect wood downrange.

b. FC permit fees will be determined IAW 32 Code of Federal Regulations, Part 190 and the Department of Defense Instruction (Number 4715.03).

c. Permit fees and any pertinent fee schedule information will be IAW and as specified by DPW on the iSportsman website.

d. All permit fees must be paid through the iSportsman website. A customer may purchase a recreation permit while logged into their account online at <https://fortcarson.isportsman.net/>. Permits can only be purchased by credit or debit card.

e. Unless prohibited, guides seeking to operate on FC would be subject to the requirements of AR 210-7 (Personal Commercial Solicitation on Army Installations), FC regulation 210-3 (Commercial Solicitation on Fort Carson), and any state licensing requirements.

f. A permit is non-transferable and is valid only at FC and PCMS.

g. A customer must possess a paper or electronic copy of his/her permit while engaged in recreational activities.

h. A recreation permit is valid from 1 April, or if after 1 April, the date of purchase through the following 31 March.

i. A FC permit or state fishing license is not required for FC Soldiers (in military uniform or civilian attire) to fish on FC from Monday- Friday (1130-1300 hours). FC Soldiers must have their military ID with them when fishing during these hours.

j. When recreating, a combat-wounded Soldier in the Wounded Warrior or Safe Harbors program or Purple Heart recipients must have government-issued identification, and documentation that confirms eligibility for that discounted permit. Colorado veterans who possess a Colorado Parks and Wildlife Veteran's Lifetime Combination, Small Game Hunting/Fishing License (VA Combo License) must carry the license with them when recreating on FC and PCMS.

k. A Special Use-FC recreation permit is required for dog training clubs or hunting clubs, and requires a Memorandum of Understanding signed by the GC. The Wildlife Office must be contacted to purchase the permit. Contact information will be available on the iSportsman contact page.

l. Possession of a permit does not guarantee access to FC or PCMS.

### **3-8. Recreation and Wood Collection Maps**

a. A FC or PCMS recreation map is available to those who purchase a recreation permit. Recreation and fishing maps are available electronically on iSportsman and can be downloaded for FC and PCMS.

b. Electronic maps on iSportsman can be used on smartphones and are downloadable onto map applications for navigation.

c. Downrange wood collection maps are available, as hyperlinks, on the Firewood Collection web page on the iSportsman website, or by calling the FC Installation Forester.

### **3-9. Firearms Registration**

a. FC regulation 190-4 (Prohibited and Regulated Conduct), Chapter 2 prescribes requirements for the possession, use, control, and registration of privately owned firearms and weapons on FC.

b. Firearms must be registered at the FC Provost Marshall's Office before they may be transported onto FC or PCMS.

c. Firearms, including muzzleloaders, rifles, shotguns, and handguns must be registered. Hand-held air rifles, bows, and crossbows are not required to be registered.

d. Firearms must be registered by submitting a completed FC Form 66-E (Registration of Personal Firearms). Do not bring the firearm onto FC or PCMS for registration.

e. Firearms registration forms are available online at the iSportsman website and from the FC Police Desk, Building 2700, 7227 Christie St.

f. To register a firearm in-person, obtain and turn in the form FC 66-E at the FC Police Desk.

g. Registration of the FC 66-E may also be accomplished by mail: request the form (supply a self-addressed stamped envelope) through DES, Police/Provost Marshal Division, ATTN: Weapons Registration, 7227 Christie St., Fort Carson, CO 80913. After completing the form, return it to the same address (supply a self-addressed stamped envelope for the return of the approved form).

h. The approved form FC 66-E or ALERTS Weapon Registration Form must be carried by the recreationist when in possession of a firearm on FC or PCMS at all times.

### **3-10. Hold Harmless Agreement**

a. Individuals possessing a FC recreation and/or wood collection permit, mentors, non-participants, and individuals recreating under the provisions of a special use permit who are going downrange are required to read and agree to the Hold Harmless Agreement on the iSportsman website during each check in.

b. Customers will be digitally presented with the Hold Harmless Agreement and check-box at the end of the agreement on iSportsman. By checking the box, the customer agrees that he/she understands and agrees to abide by the agreement. Customers will not be allowed to proceed with the iSportsman permit or downrange pass procedures unless they check the box; otherwise, the customer will have to address the issue with DPW, DPTMS, and DES before recreating or getting a downrange pass for FC.

c. A legal guardian or mentor must read and agree to the Hold Harmless Agreement for a youth 17 years old and younger when escorting them onto FC to recreate.

d. The point of contact for a special use permit is responsible for ensuring participants sign a Hold Harmless Agreement.

### **3-11. Downrange Pass**

a. All customers with a permit, including a downrange wood collection permit, entering a training area managed by FCRO or PCRO (i.e., going downrange) are required to obtain a daily downrange pass online from the iSportsman website.

b. A downrange pass is required for hunting, by any method, at any location on FC and PCMS.

c. A downrange pass is required to recreate in the Wildlife Demonstration Area(WDA) and the Bird Farm. The Bird Farm Area may be open for hunting when allowed by the DPW, as posted in iSportsman, otherwise it is a no hunting area and only open to non-consumptive use when available for recreational use. The WDA may be open to hunting as posted in iSportsman. Turkey Creek Complex is only open to firewood collection when posted on iSportsman and requires a downrange pass. No hunting is allowed in the Turkey Creek Complex.

d. Completion of the applicable range safety briefs and possession of a valid recreation or downrange wood collection permit are required to obtain a downrange pass. A wood yard permit does not require a downrange pass.

e. Customers obtaining a pass online must print a copy of the pass. If unable to print a downrange pass when checking-in (e.g., using a mobile device), the customer must provide a legible, hand-written paper pass.

f. Hand-written paper passes must include the customer's name, permit number, the date, and training area or block the customer is checked into. A hand-written downrange pass can only be used after the customer has successfully completed the check-in procedure on the iSportsman website and does not have access to a printer.

g. Each customer getting a downrange pass will display the paper pass on the vehicle dashboard (inside the front windshield), and the pass must be clearly readable from outside the vehicle.

h. A downrange pass is valid only for the specific area and for the date and time specified on the pass.

i. The downrange pass is valid for a single training area or a combination of areas (called blocks for recreational activity) at the discretion of the FCRO and PCRO.

j. Recreationists not physically downrange and/or past the Range Control building, on FC or PCMS, must be checked out of the iSportsman system.

k. Recreationists checked into a block through iSportsman do not qualify as non-participants.

l. A downrange pass is not required on FC to enter or recreate at Northside, Haymes, West Haymes, Townsend, or Womack reservoirs.

m. Non-participants are not required to get a downrange pass, but are only allowed downrange with a customer, age 18 or older, who has a valid downrange pass. Non-participants must have an iSportsman account, and if going downrange, must take the safety briefs. A customer possessing a downrange pass is allowed a maximum of two non-participants with them at any time, and is required to write the names of non-participants on their downrange pass. Non-participants must be within 50 feet of the permit holder they are accompanying at all times while downrange.

n. A downrange pass is non-transferable.

o. A downrange pass can be revoked in the field by DES, FCRO, and PCRO personnel.

p. To change a downrange pass, the permittee must check-out and then obtain a new pass.

q. Individuals must check out by the required return time as stated on the iSportsman website.

r. Recreationists not checking out at the required return time may receive a suspension, a citation, and more severe penalties may be imposed on a case-by-case basis.

s. At FC or PCMS, recreationists must check-in and/or -out via a tablet or smartphone. DPW Wildlife staff may assist recreationists with check-in/check outs if they do not own a smartphone, tablet or computer. Customers who do not own a smartphone or tablet or computer, must contact DPW Wildlife staff at least 3 days prior to recreating, to see if staff may be available to assist them with checking-in.

### **3-12. Times, Days, and Areas Available for Recreation**

- a. The FC and PCMS downrange pass is valid from 0400 to the posted checkout time, unless otherwise identified by iSportsman. The only exception to this is the initial check-in at 0400.
- b. Northside, Haymes, West Haymes, Townsend, and Womack reservoir recreational areas are open for recreation 24-hours daily, unless otherwise posted on iSportsman or if posted as closed at the reservoir entrance due to military training.
- c. Fishing reservoirs may be temporarily closed to recreation in support of training, military-sanctioned activities, or other needs as directed. When requested by the military, recreationists must suspend recreational activities and leave the reservoir.
- d. Open Areas available for hunting and other downrange recreation are posted weekly under the Open Areas tab for Fort Carson and the PCMS tab on the iSportsman website.
- e. Waterfowl hunting at the fishing reservoirs will be conducted IAW the Wildlife Aircraft Strike Hazard Plan because of the proximity to Butts Army Airfield and training flight routes and will only be allowed as specified by DPW on the iSportsman website.
- f. Hunting is prohibited in impact areas, Turkey Creek Complex, Camp Hale, training areas supporting an active golden eagle eyrie, and any area closed by the FCRO or PCRO. Hunting in the Bird Farm Area will only be allowed as specified by DPW on the iSportsman website.

### **3-13. Entry to FC and PCMS**

- a. Access to FC will be in accordance with FC DES Security and Access Control Division. DES Security and Access Control Division information can be found at: <http://www.carson.army.mil/DES/sac/>, FC building 6012, just outside the main gate (gate 1), off HWY 115, or phone numbers (719) 526-2325 or (719) 526-2332
- b. To enter PCMS, all recreationists must use the main gate, located on Highway 350, north of Model, CO, and 32 miles northeast of Trinidad. Access to PCMS is controlled by a secure, unmanned electronic gate. The gate code is provided to recreationists during the check-in process on iSportsman. Drivers may be asked to provide a current and valid driver's license, vehicle registration, and vehicle insurance. Other vehicle occupants must provide valid government-issued photo identification upon request.

### **3-14. Firearms, Weapons for Hunting, and Methods of Transport**

- a. All legal and properly registered firearms that are allowed by federal and state laws for hunting, archery, and ammunition are permitted on FC and PCMS, except when designated otherwise by DES. The FCRO and PCRO may restrict the type of firearm or archery allowed in any training area for safety or other reasons.
- b. Open carry of a sidearm is allowed for personal protection while actively engaged in authorized recreation activities. Sidearms will be transported in accordance with paragraph 3-11 e. Sidearms may be used to dispatch a downed animal only during rifle season and must be in accordance with a legal method of take and meet the minimum caliber and foot pounds per square inch criteria published IAW CPW. Concealed weapons are strictly prohibited.
- c. Hunting in a FCRO-designated Low Velocity Area is by muzzleloader, shotgun, air rifle, sling shot or archery only. Crossbows are allowed only IAW CPW regulations.

d. Any legal firearm or archery weapon can be used for hunting, IAW CPW regulations, in areas designated by the FCRO or PCRO as High Velocity Areas.

e. In accordance with Fort Carson Regulation 190-4, Chapter 2, the carrying of a loaded firearm in a vehicle is prohibited on FC and PCMS. Firearms used for hunting on FC may be transported in the passenger compartment of a vehicle as long as they are unloaded and cased, and only while the possessor of the firearm(s) is actively engaged in hunting. As an exception, muzzleloaders may be transported with a round in the chamber as long as the firearm's firing cap or priming powder is removed, rendering it unable to fire. Archery gear does not have to be cased.

f. It is unlawful to have an unexpended cartridge/shell in the weapons magazine well/magazine tube while being transported in a vehicle. A muzzleloader is unloaded if the firearm-firing cap or priming powder is removed, rendering it unable to fire.

g. Target practice and sighting weapons are allowed only at FC-designated ranges.

h. Recreationists will not shoot a firearm within 100 yards or towards buildings, camps, windmills, solar panels, or any training area occupied by any person other than other recreationists, except as identified on the iSportsman website or in the FC/PCMS Prairie Dog Management Plan.

i. Recreationists will not shoot from, across, or within 50 feet of the centerline of a designated recreational road, Main Supply Route (MSR), or numbered road or route.

### **3-15. Chronic Wasting Disease (CWD)**

a. The prevalence of CWD is a significant deer management concern on FC.

b. The CPW recognizes FC as a "CWD hot spot" due to a high number of animals testing positive for the disease.

c. CWD testing for deer and elk harvested on FC and PCMS is specified annually by DPW on the iSportsman website. When CWD testing is mandatory, evidence of a sample submitted to the CPW for testing must be provided to DPW, if requested.

### **3-16. Fishing, Boating, and Pavilion Use**

a. A Fort Carson fishing permit is required to fish at Townsend, Womack, Haymes, and Northside Reservoirs. A state fishing permit is not a requirement to fish on Fort Carson.

b. FC follows and enforces all CPW fish bag limits. Species bag limits can be found on the CPW website or on the individual fishing maps on the iSportsman website.

c. It is authorized to fish with minnows as bait at Townsend, Womack, Haymes, and Northside Reservoirs only, IAW CPW regulations.

d. Northside Reservoir is catch-and-release only due to a human health risk. Fishing at Northside is in compliance with posted signage, if applicable.

e. Special event fishing permits for groups can be coordinated by contacting the DPW.

f. Recreationists will not clean fish or process game within 50 feet of a pavilion.

- g. No portion of fish or wildlife shall be placed in trash receptacles located at the reservoirs.
- h. Use the trash receptacles to dispose of all litter and use the fishing line receptacles to recycle fishing line filaments is required where available.
- i. Pavilions located at FC fishing reservoirs are available on a first-come, first-served basis. Units and special events can reserve exclusive use of a pavilion by contacting the DPW.
- j. FC military, company size or larger (group), may use a reservoir for a group social function, to include fishing, with recreation permit fees waived. Fishing will be catch-and-release only unless a person has a valid and applicable recreation permit. This exception will be allowed once a month during the summer (i.e., May to September) for a single military group for one day during each month (daylight hours only). The free group social day will be granted on a first-come, first-served basis and, as needed, will be rotated, so all military groups who are interested will be able to participate. All group social functions must be coordinated through the DPW. This free group social day will only be allowed after the group conducts a "reservoir clean-up day."
- k. A reservoir clean-up day will be planned and coordinated through DPW at least 2 weeks prior to the event, at which time clean-up procedures and expectations will be provided. General procedures for a reservoir clean-up day include DPW designating which reservoir and areas within the reservoir to clean, the number of hours that must be met to be eligible, cleaning supply information, and cleaning specifics.
- l. On FC, only boats powered by an electric motor or by hand are allowed. Recreational watercraft powered by internal combustion engines is prohibited.
- m. Boating is prohibited on the PCMS.
- n. Individuals using boating devices such as stand-up paddle boards, float tubes, pontoon float tubes, pontoon boats, or other watercraft vessels must wear a U.S. Coast Guard-approved flotation device while on the water at all times.
- o. Swimming and wading are prohibited, with the exception of wading during lawful fishing or hunting activities.
- p. Activities on frozen reservoirs are prohibited, including but not limited to walking, ice fishing, and ice-skating.
- q. Tampering with lifesaving devices located at fishing reservoirs is prohibited.
- r. Tampering with or moving picnic tables or any other equipment is prohibited.

### **3-17. Camping**

- a. A valid camping permit is required to camp at designated areas on FC.
- b. At least one person per RV, camper, or tent must possess a valid camping permit. Non-permitted campers engaged in recreation, other than camping, must also possess a valid FC recreation permit.
- c. The FC camping permit must be affixed and visible on camping equipment at all times while camping in permitted areas.

d. Recreational Vehicles (RVs), campers, and tent camping on FC is permitted on the gravel areas at Womack, Townsend, Haymes, and Northside reservoirs. Tent camping is permitted within 50 feet of gravel areas and within mowed areas of the reservoirs.

e. Special event camping permits for groups can be coordinated by contacting the DPW.

f. Camping is limited to a maximum of 21 days at any location, in any given month, with a valid camping permit on FC or PCMS. Tents and campers cannot be stored or left unattended for more than two nights at FC. On PCMS, tents and campers may be stored or left unattended for more than four nights, provided the additional nights are also paid for.

g. Fires are permitted in designated camping areas, but fires will be strictly prohibited on red flag, weather days or high fire danger days as identified by the National Weather Service and posted on the homepage of iSportsman under fire danger risk. Only established grills, man-made steel fire pits or charcoal and gas grills can be used. No ground fires, ring fire pits, or bonfires are permitted. No fires are permitted in Training Areas. Fires must be extinguished and cold to the touch prior to departing the area.

h. Dumping of black or grey water is strictly prohibited except at approved dump stations.

### **3-18. Road Use**

a. At FC, recreationists are prohibited from driving off the designated recreational roads, with the exception of hunters who may drive two-track roads and off-road, using the most direct route, to retrieve downed big game. Designated recreational roads are identified on the FC recreational map and are referred to as "Gold Roads". Off-road driving to retrieve downed big game may be prohibited during wet soil and high fire danger conditions as determined by the FCRO. Stopping or parking vehicles anywhere besides the gold roads is prohibited during high fire danger conditions.

b. At PCMS, recreationists may drive on two-track roads and MSR's only. Hunters can drive off-road only to retrieve downed big game. However, stopping or parking vehicles off two-track roads and MSR's is prohibited during high fire danger conditions. It is prohibited to drive off-road in any canyon. Off-road driving may be prohibited during wet soil and during high fire danger conditions as determined by the PCRO or the PCMS DPW Wildlife Staff.

c. At PCMS, canyons are walk-in access only for hunting. However, hunters are authorized to drive two-track roads into Bent, Lockwood, Stage, Sugarloaf, and Welsh Canyons to retrieve downed big game. Red Rocks and Taylor Canyons are closed to vehicular traffic.

d. Off-road driving, driving in drainage ditches, or driving in any area for any reason other than an authorized activity is strictly prohibited throughout FC and PCMS.

e. At FC and PCMS, it is prohibited to drive through a wetland, except on designated routes.

f. All motorized off-road vehicles and unlicensed vehicles will not be operated on FC or PCMS, except in designated areas or with explicit consent from FCRO or PCRO.

g. Downrange cycling is limited to routes 1 and 4, and Butts Road on Fort Carson, with a valid permit and prior coordination with DPTMS on the route. Route 1 cycling is only permitted to the red sign in TA 48 and cycling on Route 4 ends at Gate 7. On weekends, cyclists must check-in through iSportsman and check out by the designated time posted on iSportsman. Access for cyclists during the week can be requested at Range Control by going to the front desk of building 9550.

h. At PCMS, recreational cycling is only permitted when PCMS is open to recreation. Downrange cycling is limited to routes 1, 2 and 3 as designated by the cycling map posted on iSportsman. When PCMS is open to recreation, cyclists must check-in through iSportsman and check out by the designated time posted on iSportsman.

i. Off-road use or trail riding of bicycles is strictly prohibited.

j. It is prohibited to use motorized bicycles/E-bikes downrange or to trail ride.

k. Recreationists are required to park within 100 feet of a designated recreational road; the vehicle must be clearly visible from the recreational road. When a road separates training area boundaries, parking is allowed on either side of the road.

l. Towing of people using a rope or cable is prohibited (e.g., on inner tubes, sleds, etc.).

m. Driving through areas marked with Siebert Stakes and Placards is strictly prohibited.

### **3-19. Private and Public Lands Adjacent to FC and PCMS**

A recreationist will not enter private or public lands adjacent to FC or PCMS, with the exception of a recreationist possessing a FC recreational permit and a downrange pass that may cross the PCMS boundary to enter Comanche Grassland, U.S. Forest Service property.

## **Chapter 4: Regulations and Violations**

### **4-1. Law Enforcement**

a. DES, USFWS, and CPW enforce federal and state laws and regulations within their respective jurisdiction.

b. The DES Conservation Officers may impose suspension of the recreational privileges for up to 14 days for minor infractions. The DES Conservation Officers may propose suspension of recreational privileges from 15 days and up to five years of any recreationist who has committed an offense involving willful criminality or gross negligence. Suspensions are recommended by the DES Chief of Conservation Law Enforcement, with the ultimate authority belonging to the GC. See Table 1 at the end of the section for recommended suspensions.

c. Annual permit fees will not be refunded for suspended recreationists.

d. Violators of FC regulation 200-6 may incur a collateral fine, a suspension or revocation of recreational privileges and may be ejected and prohibited from re-entry to Fort Carson or a combination of the listed actions.

e. Animals harvested in violation of FC Regulation 200-6 involving willful criminality or gross negligence are subject to immediate forfeiture and donation.

f. State fishing and hunting brochures identifying species, seasons, and the types of permits are available from the CPW website. The brochures are a condensed guide issued for convenience and are neither a legal notice nor a complete collection of hunting laws and regulations. Brochures and regulations are available from CPW offices and from the CPW website.

g. Non-hunting-related federal laws and regulations are enforced on FC, including the Migratory Bird Treaty Act (MBTA), the Bald and Golden Eagle Protection Act (BGEPA), and the Endangered Species Act. Exceptions to the MBTA are generally allowed for military readiness training, if appropriate measures to minimize harm have been taken to the extent practicable without diminishing the effectiveness of military readiness activities. Other incidental taking or killing of migratory birds is prohibited by federal law.

h. Range and building maintenance, and land management operations, including mowing and burning, are not categorically exempt from MBTA enforcement. Incidental take of migratory birds by any person engaged in an otherwise lawful activity, with the exception of military readiness training, may constitute a violation of the MBTA. Recent changes in the BGEPA redefines disturbance of eagles and the level of protection afforded to these species. Both bald and golden eagles are present on FC and the PCMS. A distance of one-half mile must be kept from an active eagle nest.

Table 1. Recommended Suspensions

<b>Violations include but are not limited too</b>	<b>May result in (First Offense) 1</b>
Persons with three or more suspension violations within a five-year period	Permanent Revocation
Persons found to be legally intoxicated while hunting, fishing or while operating vehicles or watercraft	Permanent Revocation
Killing or taking protected, threatened or endangered species; collecting protected, threatened or endangered plants	Permanent Revocation
Hunting or fishing while under suspension of recreational privileges	Permanent Revocation
Intentionally disturbing protected, threatened or endangered species or their habitats	Five Year Suspension
Hunting from range targets or structures	Two Year Suspension
Hunting any game out of season	12-month Suspension
Hunting before or after hours	12-month Suspension
Using FC/PCMS hunting/fishing program to illegally access adjacent property.	12-month Suspension
Shooting from or across an improved roadway	12-month Suspension
Hunting without a valid Colorado license, stamps or tags	12-month Suspension
Hunting without a valid FC permit or checked-in through FC iSportsman	12-month Suspension
Failure to make reasonable effort to retrieve downed game	12-month Suspension
Hunting with an unauthorized or illegal weapon or ammunition, or with a weapon type not authorized for the hunt area assigned	12-month Suspension
Damaging Federal property	12-month Suspension
Failure to cooperate with government officials when in execution of their duties	12-month Suspension
Littering or depositing debris on FC	Up to 12-month Suspension
Multiple safety or procedural offenses	Minimum 6-month Suspension
Hunting, scouting, or tracking in a closed area	30-Day Suspension
Operating vehicles off established and authorized roads	Minimum 7-Day Suspension
Violating State or Federal game codes or laws	Minimum 7-day Suspension
Transporting a loaded weapon in vehicle	Minimum 14-day Suspension
Being downrange prior to 0400 or after the allotted checkout time posted on isportsman without authorization	Minimum 7-day Suspension

Failure to check-out of isportsman	Minimum 7-day Suspension
Transporting a firearm with an unexpended cartridge or shell in the magazine well or tub	Minimum 7-day Suspension
Violating FC Regulation 200-6/190-4 procedures or prohibitions not specifically listed above	Up to 7-days

i. A person committing more than one of the above offenses may have his/her recreational privileges suspended for a period equal to the total of standard penalties for each offense. In the event that the total period of suspension is in excess of 1 year, the person's privileges may be permanently revoked.

#### 4-2. Additional Fort Carson Regulations

a. The natural resources of FC are entrusted to the Army to support military training, and it is the responsibility of the DPW to sustain biological diversity within the context of the military mission. Land use at FC and PCMS is unique in the types, duration, and intensity of disturbance; therefore, DPW will implement regulations that promote natural resources stewardship, contribute to maintenance of biological diversity, protect species at risk and listed species, and assist with regional and national programs to prevent species listings that could encroach on the military training mission.

b. For safety reasons, support of military missions and natural resource management objectives, FC and PCMS regulations may be more restrictive than state or federal regulations. The following also apply:

(1) The use of equines (e.g., horses, mules, donkeys, etc.) on Fort Carson or PCMS requires a downrange pass and is only permitted when downrange is open to recreation. The use of equines is prohibited in the Turkey Creek Complex. Recreationists using equines must use certified weed-free hay and must adhere to FC Reg 40-37 where applicable.

(2) Recreation and other activities are prohibited in training areas supporting an active golden eagle eyrie.

(3) It is prohibited to take, collect, capture, or possess nongame reptiles or amphibians. It is authorized to take, collect, capture, or possess rattlesnakes, gilled salamanders, and bullfrogs with a FC recreational permit IAW CPW regulations.

(4) It is prohibited to introduce or translocate any species onto or within FC or PCMS.

(5) Falconry is prohibited in FC Training Areas 32, 33, 38, 39, 41, and 45.

(6) It is strictly prohibited to remove, disturb, or modify any water control device, reservoir inlet or outlet, irrigation diversion, survey marker, stake, flagging, sign, fence, gate, or survey device.

(7) It is prohibited to collect, deface, remove, cut, or damage cultural or natural resources. It is prohibited to collect firewood, unless done with a valid permit through the iSportsman website.

(8) It is prohibited to collect firewood during the Migratory Bird Treaty Act (MBTA) season (15 April - 15 Sept).

(9) It is prohibited to collect firewood in creek beds and wetlands.

(10) Only dead trees are permitted to be collected for firewood in the Turkey Creek Complex.

(11) Individuals collecting firewood in the Turkey Creek Complex must park on the Gold Route (Route 11) and access the Turkey Creek on foot through the designated and marked wire gaps. Wire gaps shall be closed after accessing them.

(12) It is prohibited to cut down or otherwise tamper with a designated wildlife tree or collect standing or downed snags marked as wildlife habitat. A fine may be imposed and more severe penalties may be imposed on a case-by-case basis.

(13) Individuals may train hunting dogs on live game birds from 1 August through 15 April IAW CPW regulations. However, only ring-necked pheasants (male only), quail (only Gambel's, scaled, and bobwhite), and mallard ducks may be released.

(14) It is prohibited to enter or tamper with equipment, fencing, or downrange buildings on FC or PCMS.

(15) It is prohibited to train dogs at any reservoir or pond when anglers are present or when waterfowl hunters are hunting. Incompatible recreational activities will be allowed at the reservoirs on a first-come, first-served basis.

(16) Dogs are authorized in non-training and training contexts within recreation areas in accordance with and enforced IAW FC regulation 40-37.

(17) The government is not responsible for the theft, loss, or damage of any items left downrange.

(18) "Red flag" or high fire danger conditions will be announced on the iSportsman homepage, and activities will be restricted in accordance with any applicable governing directives and/or as directed by the GC.

## **Chapter 5: Accommodations of Persons with Disabilities**

### **5-1. Reasonable Accommodations**

a. FC will strive to provide reasonable accommodations to persons with a substantial impairment of a major life activity as identified under the Americans with Disabilities Act. Impairment is defined as a physical or mental impairment that substantially limits one or more major life activities.

b. For consideration, applicants will request accommodation in writing at least 30 days prior to the requested effective date. All requests must include sufficient information for FC to understand the nature of the impairment and the specific type of accommodation that is requested. Where applicable, the applicant must include any relevant and current State-approved Accommodation Permit.

c. Requests will be submitted via e-mail to the identified contact on the iSportsman website Contact Page.

d. Requests will be reviewed on a case-by-case basis. Additional information or documentation may be requested, if necessary.

e. An interactive process may result in approval or modification of the specific accommodation requested, but may not significantly alter the purpose of this regulation, jeopardize the safety of the applicant or others, adversely affect military training, or pose undue hardship for the Army.

f. Requests will be reviewed by the Chief of the Conservation Branch, DPW- Environmental Division, the Chief of Conservation Law Enforcement, and the Chief of Range Operations. These individuals may consult with FC subject matter experts as necessary. An accommodation may include an exception to this regulation based upon findings on a case-by-case basis.

**Section II**  
**Terms**

Camping Permit  
Permit that allows camping at Womack, Townsend, Haymes, West Haymes, and Northside reservoirs on Fort Carson.

Fishing (Fishing only Permit)  
Any form of collecting fish or other vertebrates from bodies of water on Fort Carson.

Hunting (Hunting only Permit)  
Any form of wildlife harvest practices (e.g., rifle, muzzleloader, bow, crossbow, traps), other than wildlife living in bodies of water, on Fort Carson.

Combo Fishing and Hunting Permit  
Permit that allows fishing and hunting as described herein.

**Non-consumptive**

Any recreation on FC or PCMS that does not involve disturbing or harvesting of wildlife and/or natural resources (e.g., birding, camping, site-seeing, antler shed hunting).

**Youth Permit**

Recreation permit for those who are 17 years of age and younger. Those persons purchasing this permit within those age limits will be able to conduct all wildlife recreation to include fishing, hunting, and non-consumptive recreation.

**Senior Permit**

Recreation permit for those aged 64 years of age and older. Those persons purchasing this permit within those age limits will be able to conduct all wildlife recreation to include fishing, hunting, and non-consumptive recreation.

**Non-consumptive Permit**

Adults, who do not qualify for youth, senior, or disabled veteran permit, that will be engaging in non-consumptive recreation only.

**Section III**

**Special Abbreviations and Terms**
